

We represent the interests of bi+ people and the non-monosexual community in Berlin.

Bi+

Is an umbrella term for all people who feel sexually and/or romantically attracted to more than one gender.

LOVE KNOWS NO GENDER

We often get told that we should choose between homo- and heterosexuality, but there are also people to whom the gender of their partner doesn't matter or who have the potential to be attracted to more than one gender.

We want for everybody to be allowed to love as many genders as they want.

COMING OUT

Telling people that you are attracted to more than one gender can seem like a huge step, but if you decide to do it you might feel better about your sexuality.

Still, your coming-out should never feel like an obligation. As long as you are at peace with yourself, everything is fine. Never let others push you to a coming-out!
